Corporate Finance Club Meeting

The experts of Corporate Finance in the network presented a project to intensify support for cross-border transactions.

Friday 17 October 2014

During the JPA International meeting, the members of the network gave an update on professional news and on the network's development, particularly in the Middle East, where it was decided to create a Desk for this area in order to coordinate the actions of the local network. The members also introduced new points of reflexion in response to the evolution of the profession.

And finally, this meeting was the occasion to present the **new JPA International film dedicated to our clients**. The film is available on our blog and YouTube in English and French, and will soon be translate in other languages.

New JPA International film (English version):
